DATED 21-12-1933

[Despatch Abstract.]

Legislative Council Question - Scheme of protected water supply to Mangalore town - Recorded.

Starred question. Council Office.

23/10/33.

Mr. A.B. Shetty.

The Local Self-Govt. Dept.

---

* 648. Will the hon. the Minister for Local Self-Government be pleased to state

(a) whether the Director of Public Health has been drawing the attention of the Government to the prevalence of enteric fever as an endemic disease in Mangalore and the need for protected water supply to the town;

(b) whether the Hassamar Valley scheme has been abandoned on the ground that the supply is inadequate for the town;

(c) whether any other scheme is proposed to be investigated;

(d) what further action the Government propose to take in the matter?

* 648. Will the hon. the Minister for Local Self-Government be pleased to state

(a) whether the Director of Public Health has been drawing the attention of the Government to the prevalence of enteric fever as an endemic disease in Mangalore and the need for protected water supply to the town;

(b) whether the Hassamar Valley scheme has been abandoned on the ground that the supply is inadequate for the town;

(c) whether any other scheme is proposed to be investigated;

(d) what further action the Government propose to take in the matter?

RB

(a) The DPH has pointed out the need for a protected water supply to the town in order to reduce the incidence & mortality from enteric fever.

(b) to (d)

The Hassamar valley scheme has not been abandoned. ~~On the other hand the Engr~~ Engr had recommended an investigation of this source of supply as early as in the year 1928. No further action was taken in the matter as the reply of the PH O. to a reference on the subject was not received. The question will be considered after the receipt of the Council's reply to Memo No 23382-1D/28 P.H.d 18-6-1928, a copy of which is annexed to the above.

In June 1928 the M.C was asked to report whether it accepted the proposals of Govt. for the financing of the ~~Scheme~~ Act No

C Causes (b) to (e) of the Question

(1) Please see para 19 of the Sanitary Engineer's report on P & G.O. No. 2719 P.H.D. 7-11-1949, the proposal to select the Hassanvar valley as a source of supply for the Mangalore water supply scheme has not been

abandoned. ~~On the other hand the Secretary has requested that action may be taken~~ / Before issuing orders on the subject a reference was made to the DPH (by a letter forwarding the financing proposal in Demi Nº L3383-1/2 P.H.d 14.6.1928. As no reply was received to the reference no further action has been taken in the matter and the Council was informed in G.O Nº 2719 P.H.d 7.11.1933 that the question would be considered after the receipt of the Council's reply. The Hon Member may be informed ~~that further action will be taken after~~ accordingly. A draft answer is noted for approval.

Public Health and Sanitation

Scheme of protected water-supply to Mangalore town.

* 460 Q.—Mr. A. B. SHETTY: Will the hon. the Minister for Local Self-Government be pleased to state—

(*a*) whether the Director of Public Health has been drawing the attention of the Government to the prevalence of enteric fever as an endemic disease in Mangalore and the need for protected water-supply to the town;

(*b*) whether the Hassamar Valley scheme has been abandoned on the ground that the supply is inadequate for the town;

(*c*) whether any other scheme is proposed to be investigated; and

(*d*) what further action the Government propose to take in the matter?

A.—(*a*) The Director of Public Health has pointed out the need for a protected water-supply to the town in order to reduce the incidence of mortality from enteric fever.

(*b*) *to* (*d*) The Hassamar Valley scheme has not been abandoned. In June 1928, the Municipal Council was asked to report whether it accepted the proposals of Government for the financing of the scheme. As no final reply was received from the Council the papers were recorded.

12-15 p.m.

Mr. A. B. SHETTY:—" Will the hon. the Minister be pleased to state whether the water-supply expected to be made available by means of the Hassamar Valley scheme has been thought to be inadequate for the purposes of the town?"

The hon. the RAJA OF BOBBILI:—" I have no information about it."

Mr. M. S. SRESHTA:—" Has the Government considered the possibility of an alternative scheme which would cost less than the Hassamar Valley scheme?"

The hon. the RAJA OF BOBBILI:—" No further communication has been received from the Municipal Council."

Mr. M. S. SRESHTA:—" Will the hon. the Minister consider the desirability of asking the Municipal Council to propose some other schemes which would cost less and which would meet the case?"

The hon. the RAJA OF BOBBILI:—" It is for the Municipal Council to move in the matter."

Mr. M. A. MANIKKAVELU NAYAKAR:—" May I know, Sir, whether the Director of Public Health recommended any other town for protected water-supply on account of the prevalence of enteric fever?"

The hon. the RAJA OF BOBBILI:—" The Government have no information."
